RE: South Carolina - Security Bond Requirement

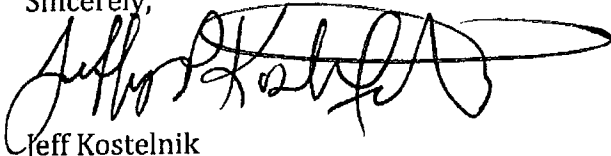

Dear Mr. McDaniel,

Please be advised that our company, American Broadband, doing business as United Network Services, Inc. (UNSi), does not provide residential local exchange services. South Carolina regulation 103-670 applies only to providers of "retail residential local exchange services."

Pursuant to orders of the South Carolina Public Service Commission, UNSi will advise the Commission of any retail residential local exchanges services provided in the future, and will at that time comply with the Commission's bond requirements or request a waiver.

If you require anything further, please do not hesitate to contact me.

Sincerely,

Jeff Kostelnik
Manager of Financial Analysis and Regulatory Affairs
